

AMENDMENTS TO THE SPECIFICATION

Please replace the Paragraph on Page 3, Lines 16 - 23, with the following amended Paragraph:

A plurality of first ribs 30 each have a first end pivotably connected to the second end cap and each first rib 30 has a ~~join~~ joint 50 connected thereto. The joint 50 includes an elongate body 51 with a first passage 53 defined therethrough and the first rib 30 extends through the first passage 53 of each of the joints 50. A protrusion 52 extends from a top of an end of the joint 50 and a second passage 54 is defined through the protrusion 52. A plurality of second ribs 31 each have a first end thereof pivotably connected to the first cap 61 and a second end of the second rib 31 movably extends through the second passage 54 of each joint 50.
